COMPUTERISED VERTICAL PROOF TESTING MACHINE

Chant Vertical Test Proof Machine:

- 55 tons capacity
- Commissioned since 2013
- 12 Certified Operators
- Level 2 Inspector

WHY USE DIGITAL CERTIFICATES?

- **Operational Efficiency & Productivity**—One stop shop for certified chain block purchases and re-certification.
- **Accuracy & Compliance**—Mitigates against the potential margin of error with manually written certificates.
- **Client Return & Service**—Clients no longer need to depend on a separate entity to conduct certification and reduces turn around time by two to three days.
