

HEAT EXCHANGERS

Maximum Performance, Minimum Energy Consumption

Depending on our customer needs, our global partner, **Alfa Laval**, a leading provider of plate heat exchangers all characterized by its compact design and high thermal efficiency, is able to provide a complete range of fully optimized plate heat exchanger designs, sizes and applications. We meet virtually any operational specification, from the most delicate to the most aggressive.

HEAT TRANSFER

Energy saving solutions for heating, cooling, ventilation, evaporation and condensation.

Products

- Compact Heat Exchangers
- Plate Heat Exchangers, Including Brazed and Fully Welded Heat Exchangers
- Shell-and-Tube Heat Exchangers
- Air Cooled Heat Exchangers
- Spiral Heat Exchangers
- Thermal Fluid Systems

- Boilers—Servicing and Repairs

Services

- Re-gasketing Services
- Pressure Testing
- Certified Inspections
- Design Engineering
